

# Welcome Partner!

My name is Fanuel Ulacia, and on behalf of the entire organization, I would like to welcome you as a new Timberline Solar Partner. My goal is to ensure your adoption of the Timberline Solar Roof into your business model is as smooth as possible. With that in mind, let me highlight some training resources that are available to you.

## Dedicated Training Point of Contact

We believe proper training is critical to success and encourage you to prioritize this conversation early on. Your Territory Manager ( TM ) is your partner in terms of identifying what subject matter is most relevant to you. Your TM can also help you schedule on-site training and ensure that your organization receives credit for participation.
